

Paw Prints is looking for responsible individuals to feed managed feral cat colonies primarily in the South Raleigh/Garner area. As a volunteer for our Feral Cat Program, you will be feeding feral cats on a specific day (or days, as your schedule will allow) at designated locations. Our Feral Cat Program Coordinator handles all feeding scheduling as well as trapping for sterilization surgery and/or follow-up veterinary care.

If you've been thinking of getting involved in community activities and you love cats, helping homeless feral cats as a volunteer feeder could be just the thing for you! Our veteran feeders will attest to this very rewarding and humane contribution to the community.

If you are unable to commit to feeding on a regular basis, please consider helping regular feeders during vacations and business travel. In addition, we are ALWAYS in need of donated food to feed the cats.

For more information, email info@pawprintsrescue.org.
